

PARTICIPATORY VIDEO FACILITATOR TRAINING AWARD

We believe communities hold the answers to the social justice challenges they face and we have witnessed the power of participatory video as a tool for enabling communities to transform their circumstances. We want to see more participatory video projects delivered around the world and so we are striving to build a grassroots community of practice; building the skills and knowledge within communities and amongst community workers to facilitate participatory processes in the most appropriate form to their specific context.

During our many decades of work in the field of participatory video we have developed new and innovative approaches, many of which we have shared through free toolkits and online resources. We have also trained thousands of participatory video facilitators in rural communities, urban centres and third sector organisations around the world. We take sharing seriously.

Nevertheless, we understand that not everyone who is passionate and eager to facilitate participatory video has the resources necessary to join one of our training courses or capacity building programmes. Which is why InsightShare has launched the first Participatory Video Facilitator Training Award.

Please note that the deadline for this application is **05/07/17**.

The Offer

You will receive either a full or partial bursary to attend our signature [6 day intensive facilitators course](#).

You will receive one free one-to-one mentoring session with someone from our core team after the training so that you feel supported and have confidence to take PV into your field.

After the training we will give you the opportunity to be published on our [blog](#), writing up your experience and what you hope to do with participatory video in the future.

The Application Process

Submit your application via [this form](#) and include any supporting documents or links. DEADLINE 05/07/17

Four members of the core team will review and rank the applications after the deadline. Following a discussion with the wider team we then vote on which person should receive the award. We will contact the applicant we believe should be awarded the subsidised place by 10/07/17. From this individual we will need confirmation that they would like to take the place within 5 days working days.

We will contact those who have not been selected too. If we have not been able to offer you a subsidised place on this occasion, please feel free to apply again.

*We will review all submissions after the deadline and get in touch by 17/07/17. Depending on the number of applicants we might want to get in touch via phone/skype to further discuss your application.

The Questions

Please complete the questions on [this form](#). Please aim to answer all of the questions in less than 300 words.

1. So we can understand a little more about you, please tell us about yourself and your background.
2. What five words would you use to describe yourself?
3. What do you hope to get out of the training course?
4. What do you envisage doing with participatory video post training (the more detail the better here)
5. Have you done any community work before? If yes, please share examples of your work.
6. How would you be an ambassador for participatory video?
7. OPTIONAL: Use this space to tell us anything else - share with us here any links to previous work, projects, articles or videos. Feel free to also share ideas on how your skills and connections might help support our mission.

For any questions please get in touch with Claire at: trainings@insightshare.org and add InsightShare training award into the subject line.

We look forward to hearing from you and good luck!
